

FUTURE LEADERS PROGRAM

Develop the leader within –
so you can effectively lead others

A practical, high-impact program designed for new and emerging leaders ready to grow their self-awareness, emotional intelligence, and effectiveness.

Because leading others starts with leading yourself.

Why This Program?

The first step in leadership isn't managing people — it's mastering your mindset, energy and behaviour.

Helps new and aspiring leaders to:

- Understand who they are and how they show up
- Strengthen emotional intelligence and resilience
- Communicate and listen with intention
- Build accountability and a leadership mindset

WHAT

LEADING SELF

Know Yourself – The Authentic Leader

- Use your DiSC Assessment to uncover your natural style, strengths and blind spots.
- Discover what “balance” looks like for you and how self-awareness drives better decisions

Strengthen Your Core

- Resilience, Emotional Intelligence & Mindset
- Maintain focus under pressure, use boundaries, and be able to shift your mindset

Communicate with intention

- Great communication begins with listening.
- Develop active listening and emotional intelligence (EQ) to build trust and connection.

Taking Ownership

- Accountability & Reflection
- From intention/procrastination to action
- Build habits of accountability and self-reflection to keep learning and improving

Develop Your System

- Become consistent by creating a system built on balance, planning and goal setting
